

International Nuclear Science
and Technology Conference 2019

INST 2019

**Innovation and Advanced
Technology**

4-6 February 2019

Centara Grand at Central Plaza Ladprao,
Bangkok, Thailand

Conference

Nuclear technology has played an important role in many aspects of our lives, including agriculture, medicine and healthcare, materials, environment, forensics, energy, and frontier advancement. The International Nuclear Science and Technology Conference (INST) aims to bring together scientists, engineers, academics and students to share knowledge and experiences about all aspects of nuclear sciences. INST2019 is the third of the INST conference series organized by Thailand Institute of Nuclear Technology. INST has evolved from a national conference series on nuclear science and technology that was held every two years in Bangkok for over a twenty-year period.

The program of the 2019 event will consist of oral and poster sessions from contributed papers. Invited lectures will be given by international experts. The proceedings of the conference will be published in a peer-reviewed journal.

Opening Ceremony

Her Royal Highness Princess Maha Chakri Sirindhorn will graciously preside over the opening ceremony.

Areas of Paper Presentations

- Agriculture and food applications
- Environmental applications
- Instruments and other related topics
- Medical and nutritional applications
- Nuclear and radiation safety
- Nuclear physics and engineering
- Radiation processing and industrial applications

Proceedings Publication

Journal of Physics Conference Series,
IOP Publishing.

Keynote and Invited Speakers

To be announced.

Important Dates

1 May–15 July 2018	Abstract submission (online form)
1 May–31 July 2018	Nuclear Scientist Award nominations
15 Aug 2018	Abstract revision
31 Aug 2018	Acceptance notification
1 Sep-31 Oct 2018	Payment (early)
1 Nov-15 Dec 2018	Payment (regular)
20 Feb 2019	Full paper submission
